

Enterprise Fund

The Enterprise Fund was designed to assist growing asset-light and traditional business/non high-tech companies which require funding for working capital, project financing or capital for expansion and internationalisation.

Features of the Scheme

- Helps smaller companies with annual revenues from S\$1 million onwards
- Funding solution is customised to suit each company's needs
- Provides smart money, i.e. funding plus specific management resources
- Does not require technology, high growth track record and IPO-ability as investment criteria
- Investments are self-liquidating and are not dependent on IPO or trade sale for capital redemption

General Investment Terms

- Investments are usually structured as convertible loans or debts with equity options, with pre-defined repayment tenures
- Investment amount from S\$1 mil onwards

Eligibility Criteria

Singapore-based companies seeking financing should meet the following general profile:

- Profitable traditional and/or asset-light businesses with a proven cash-flow generation record
- Privately-owned businesses
- Sound management team
